

## 2011 Winterization Request Form.

120 Texoma Harbor Dr  
Pottsboro, TX 75706  
Phone: (903) 786-7000  
Fax: (903) 786-2217  
Email: mbaxley@highport.com

With the cold month's fast approaching, Highport Marina is here to provide any services and winterizations needed to keep your boat safe during the winter season. While some boaters may choose to boat year round, many would prefer to have their boat safely winterized to assure that it is ready for trouble-free operation in the spring. If you elect to have your boat winterized, now is the time to schedule that work. We cannot be responsible for damage that may occur in the event of, acts of nature, electrical/mechanical failures or for winterizations scheduled after freezing temperatures occur. To schedule winterization services please fill out the form below, check the requested services and return the form to the Service Dept.
